

Comprehensive Plan and Zoning Announcement

Along with Robinson Township, we are updating our comprehensive plan and zoning ordinances, and we want your input!

For the next 18 months, Midway and Robinson will work with Strategic Solutions, a Pittsburgh-based public sector planning firm, to develop a plan that will guide future growth and development in ways that ensure our community remains vibrant, sustainable, and adaptable for years to come. Simultaneously updating our zoning practices will enable us to begin implementing new projects as soon as these documents are adopted.

Comprehensive plans are frameworks for how municipalities set and achieve goals, and the Municipalities Planning Code (MPC) requires local governments throughout the commonwealth to update their comprehensive plans every 10 years.

Whether you're a resident, business owner, or other stakeholder in our communities, there will be opportunities to share your opinions and insights about what's working, what's not, or where there's room for improvement. Comprehensive plans and zoning address many facets of our communities that impact you, ranging from land use and transportation to recreation and natural resources, and everything in between.

For more information about this planning process and how you can get involved, please contact Doug Baird at 724-796-8700.
